A report on the Links & Tees golf operation was presented. Charles Sims reviewed the changes to the facility and introduced new programs and events to the committee. The outdoor facility has been open for a month and all things are going very well at the facility. The committee recommended targeting the Rec Club football program for a possible meet & greeting, including miniature golf, at the facility prior to the season opening. Additionally they suggested to invite each team to come in and for \$10.00 to have a team gathering. Charles said he would investigate and put together team package opportunities.
