

Club Fitness Reasonable Accommodations Guidelines

Effective: Wednesday, January 13, 2021

In order to protect the Club Fitness Members, Patrons and Staff, anyone entering the Club Fitness Facility is required to comply with all Illinois Department of Public Health (IDPH) Regulations and Centers for Disease Control (CDC) Guidelines. For those Members and Patrons who cannot wear a mask covering their nose and mouth, due to a medical condition, the Addison Park District is providing reasonable accommodations to allow individuals to utilize the Club Fitness Facility.

Due to your medical condition prohibiting you from wearing a mouth and nose face covering, the safety of other members could be impacted. Accordingly, when using the Club Fitness Facility, these reasonable accommodations must be strictly adhered to for the safety of all.

- A Face Shield may be worn in lieu of a mouth and nose face covering. As a Face Shield has been determined not to be as effective as a Face Mask covering the nose and mouth, 6 feet of social distancing between you and other persons present in the Facility must be maintained at all times.
- Members who have medical conditions which prohibits the wearing of a mouth and nose covering, as another reasonable accommodation, are provided hours available for using the Club Fitness Facility in order to ensure their safety. During these hours, said Members are still required to wear a Face Shield in lieu of a mouth and nose face covering.

Operation Hours for Reasonable Accommodation

Monday – Friday: 10:00 am – 12:00 pm
 2:00 pm – 4:00 pm
 7:00 pm – 9:00 pm

Saturday & Sunday: 10:00 am – 12:00 pm
 2:00 pm – 4:00 pm

- Please Note: Members without medical conditions can still workout during the Reasonable Accommodation Hours. Members with medical conditions are required to wear a Face Shield and maintain 6 feet of social distancing if they are not wearing a mouth and nose covering.

If a Member is unable to wear a Face Shield or access the Club Fitness Facility during the set times for Reasonable Accommodations, come in during the set times, we ask that you speak with Club Fitness Management to investigate whether other reasonable accommodations can be made.

All Members and Patrons are required to strictly adhere to all safety regulations of Club Fitness.
